

1. Fairytale of Arboretum Street

(Fairytale of New York)

*Last lesson before Christmas, up in ME3
Mr Day said to me, won't have another one
And then he sang a song, 'The Mocks Revision Blues'
I turned my face away, and thought what should I do?*

*Logged on to Classroom, and then turned off my phone
I need to concentrate; I'll save it for a break
So happy Christmaths. I love revision
I can see a better time, when all our grades come
true*

*There's Corbett and MathsPad,
They've got videos, I'm told
And there's questions to go through,
If you're still not sold*

*When you first start to plan on a cold Christmas Eve
You'll probably see MyMaths there waiting for thee*

*It wasn't handsome, wasn't pretty
It was rather quite messy
When the hand finished writing,
It could hardly be read*

*Papers were flailing
All the marks they were missing
You cried in a corner,
Then worked on through the night*

*The girls of 11 Further Maths,
Revising all day long
But ensuring they took a break,
For Christmas day*

*PMT, Maths Genie,
Or Kerboodle, you'll see
They are there, just beware, make sure it's our
course.*

*Dr Frost Maths and 1st Class Maths,
They have all the best tasks
Happy Christmas, my class,
I pray God that they pass*

*The girls of 11 Further Maths,
Revising all day long
But ensuring they took a break,
For Christmas day*

*I might just get a seven,
Or even maybe an eight
You still believed in me,
When I first got a U*

*You must not stay up late,
Your rest's important too
Can't make it on your alone,
There's much support around you*

*The girls of 11 Further Maths,
Revising all day long
But ensuring they took a break,
For Christmas day*
